Puppy Training

Puppies are curious bundles of energy that want nothing more than to play and please you! Use this to your advantage by training playfully.

- Housebreaking: It can be done
- Nipping: It doesn't have to be
- Chewing: Only the right thing
- Jumping: Don't be knocked over
- Separation Anxiety: Is it really ?
- The Basics: Come, Sit, Down, Stay

In just 4-6 weeks you can learn everything you need to know to teach your puppy.

Basic Training

Your dog is not a puppy anymore but still doesn't listen quite the way you would like. Have you ever thought...

- My dog is misbehaving on purpose...
- My dog is defying me...
- My dog is too stupid to learn...
- My dog is too old to learn...
- My dog knows better but he/she still ...
- My dog is so excited he can't focus...

In just 4-6 weeks you can learn everything you need to know to solve these and many other problems.

Specialized Training

There are so many activities available to dogs and there owners once the basics have been learned.

- Agility
- Obedience
- Herding
- Therapy Dogs
- Canine Good Citizen
- Foster Puppies for Service Dogs

I can provide individualized programs to help you achieve your goals in any of these activities.
